

Call for abstracts

**The University of Economics, Prague and
the Ministry of the Environment of the Czech Republic**

are preparing the

16th annual international conference

Environmental Economics, Policy and International Environmental Relations

of PhD. students, young scientists and researchers

Date of the conference: 6-7 November 2014

Venue: University of Economics, W. Churchill Square 4, Prague 3

The key topic: Science-policy interface - high-quality validated data collection, scientifically credible analyses of data and information as a bases for science-policy interface and policy decision-making. Information environmental data as a tool for green investments and green economy concept for social planning and international environmental cooperation.

Other topics: Other up-to-date theoretical or/and practical issues of environmental economics and politics in relation to the project you are working on like macroeconomic modelling, game theory applications etc.

Publishing options: All accepted papers will be printed in the Book of working papers and distributed to the participants at the conference. The papers will be reviewed by two anonymous reviewers. Selected high quality papers presented at the conference will be published in a form of book with ISBN number and send to authors by post after the conference or will be submitted to Reuters as Conference Proceedings for Coverage in the Conference Proceedings Citation Index (CPCI). The final decision about this will be made at the conference. The consultant(s) of PhD student(s) may be listed as co-author(s), but the PhD student(s) or young scientist(s) must be listed as the first author(s).

Deadlines: Abstracts: July 15, 2014

Info about the presentation acceptance – before August 1, 2014

Full Paper: September 20, 2014

There is no conference fee. Participants will be expected to arrange and pay for their own travel and accommodation.
